Carer's Week

**Carer's Week 10th Anniversary
14th—20th June 2010**

UK's carers are, quite literally, indispensable. By providing unpaid care for someone they know who is ill, frail or disabled, they save the economy an incredible £87 billion - the same cost of running the NHS.

Despite this - and the fact that 3 in 5 people will be carers at some point in their lives - carers often face a lack of recognition in all areas of their lives.

Carers Week will combat this by highlighting and celebrating the incredible contribution that carers make, sharing the positive experiences as well as the more difficult.

Telford & Wrekin are looking for someone who is affected by someone else's drinking to talk about their experiences and how IMPACT may have helped them on the radio.

If you would be interested in sharing your story, anonymously if preferred then please contact Judy on

01952 223165 or email impactaas@concernedothers.co.uk.
